### **WFP French plane in Beirut**

#### **B-roll 03.17**

#### **Language: French**

The first flight rotation of a French C-160 aircraft (Transal) is due in Beirut from Larnaca, Cyprus today. The aircraft, provided by the French government, is loaded with humanitarian supplies, and will remain on the ground for 45 minutes before returning to Larnaca to make further rotations for WFP
